REGIONAL TRANSPORTATION PLAN

DRAFT 2045 REGIONAL TRANSPORTATION PLAN

The Houston-Galveston Area Council (H-GAC) will release the draft 2045 Regional Transportation Plan on April 10. The long-range plan prioritizes spending on regional transportation projects, including short and long-range strategies, to ensure our transportation network is safe and efficient. With a focus on safety, efficiency and reliability, the plan highlights efforts to reduce traffic congestion and vehicle crashes, concentrates on asset management and operations, supports regional economic development opportunities, and maintains emphasis on transportation's impact on the environment.

TRANSPORTATION CONFORMITY

H-GAC will present information on transportation conformity. Transportation conformity shows how projects meet federal air quality goals by measuring future nitrogen oxide (NOx) pollution and volatile organic compound (VOC) emissions reductions.
